# LIVE YOUR DREAM THE TAYLOR ANDERSON STORY

*and stories of courage and sacrifice during the Great East Japan Earthquake and Tsunami*

This film is a story about Taylor Anderson and all the young people who travel the world trying to make a difference. Taylor was an extraordinary American who dedicated herself to teaching Japanese children, living her dream right up to the events of March 11, 2011.

*“A beautiful film portrait of a beautiful personality and of a life beautifully lived. ...*

*The story of Taylor Anderson transcends all borders and all cultures, revealing that the generosity of spirit of a truly good person continues to give and give and give...” — Peter Grilli, President Japan Society of Boston*

*"I was greatly moved by your wonderful, inspirational film celebrating the life of Taylor...I think it will become a common asset for those people who would become future bridges" — Ichiro Fujisaki, Ambassador of Japan*

*“The story of one person, just a young American who came to teach English in Japan, encompasses both grief and hope. This film should be seen by both Japanese and Americans: to use a word that should not be used lightly, it is redemptive. You will keep the images in this film, of a happy positive girl and devastation impossible to understand, in your mind for a long time.” — Dr. Merry White, Boston University*

*The film is inspirational and healing and helps all of us realize that we have to live our dream.*  
— David Janes, US Japan Foundation
